They are able to open (you can see a draft in the works) but not able to select the correct reporting year in the report.

Melissa –

We received an email this morning from a facility (1430013) trying to submit a report (BOA MACT ZZZZ Semiannual/Annual) and are unable to select 2026 from the “Reporting Period Calendar Year (CY)”. Doesn’t look like it is listed on the dropdown list box.

Are you able to add it? Here is the screen show they sent:
